

Dear LLIA Member,

As we begin this New Year, many of us are already looking ahead to the time we will be spending on Lake Lauderdale. I have spoken with many of you in hopes of raising awareness regarding the continually escalating costs of maintaining the treatments we use in our lake. In the past, LLIA, Inc. applied for and received grants to help with Sonar treatments to contain milfoil and to assist us in keeping the common areas clear by hiring the hydro-rake.

In 2010, LLIA, Inc. will again hold our \$10,000 50/50 raffle to assist us in paying for the treatments to the lake by selling 200 tickets at \$100 per ticket. Tickets can be purchased by an individual, or groups of people can chip in and purchase one. There is no limit as to how many people can contribute to one ticket. If each member could sell two or three tickets, LLIA, Inc. would collect \$10,000 to help defray the costs associated with Sonar and hydro-raking at intervals that have been utilized in the past.

Please take the time to sell these tickets while you are home this season. Remember, if we sell all 200 tickets, the winner will collect \$10,000!

I have 200 tickets printed and ready to be sold. When you sell a ticket, contact me @ (518) 369-8662, or richtoln@averillpark.k12.ny.us. Cash or checks will be accepted, but I will need the money before I can mail out tickets. Checks should be made out to: LLIA, Inc.

Thank you for your help!

Nancy Richtol, Board Member LLIA
